URBAN MUNICIPAL
FEB 19 1990
GOVERNMENT DOCUMENTS

TO ALL SUBSCRIBERS OF THE MONTHLY REPORT:

RE: MONTHLY REPORT FOR JANUARY, 1990

The first building activity report for January 1990 indicates that a total of \$32 million in building permits were issued during the month.

The residential sector was valued at \$2.9 million accounting for 9% of the month's total. There were 16 building permits issued for 16 new single-family dwellings. The commercial and industrial portion of the report accounts for 10.7% of the month's total and totalled \$3.4 million.

The majority of the month's report was due to permits issued for the Cancer Clinic at 711 Concession Street valued at \$21.5 million.

We trust these brief comments will aid in the understanding of this Department's report.

Yours truly,

L.C. King, P.Eng.
Building Commissioner

GOVERNMENT DOCUMENTS

March 8, 1990

TO ALL SUBSCRIBERS OF THE MONTHLY REPORT:

RE: MONTHLY REPORT FOR FEBRUARY, 1990

The Department's report of building activity for February, 1990 indicates a total construction value of \$21.8-million. During the month, a total of 258 building permits were issued. There were also 439 zoning verifications and 510 property reports issued.

In the residential sector, a total of 90 building permits for single family dwellings were issued valued at \$8.0-million. There was one building permit issued for a 44 unit apartment and eight building permits issued for 50 units of townhouses. The residential sector accounts for 74% of the month's total.

The commercial sector accounts for 16% of the month's total. There were two major building permits issued for commercial buildings valued at \$2.3-million. The remaining portion of the report is made up of minor permits in the industrial, government, and institutional sector.

Yours truly,

L.C. KING, P.Eng.
Building Commissioner

HAMILTON, ONTARIO

BUILDING DEPARTMENT MONTHLY REPORT

April 20, 1990

TO ALL SUBSCRIBERS OF THE MONTHLY REPORT:

RE: MONTHLY REPORT FOR MARCH, 1990

The City of Hamilton Department of Buildings reports that during the month of March, 1990, 357 building permits valued at \$48.7-million were issued. Also during the month, 523 zoning verifications and 631 property reports were issued.

The residential sector accounts for 21% of the month's total. There were 74 building permits issued for new single family dwellings valued at \$8-million. A total of 162 building permits for alterations to one and two family dwellings were also issued. There was one building permit for a six unit row dwelling.

The commercial portion of the report is valued at \$4-million as there were three permits for new commercial buildings.

The industrial portion of the report accounts for 61% of the month's total. A total of \$30-million in building permits were issued for new industrial buildings and alterations to existing industrial buildings. Industrial permits were issued to Stelco during the month and the major permit for \$27-million was an additional permit to the "Z" line currently under construction.

As an additional service to the monthly report, effective this month, the report will include the time required for issuance of building permits as a measure of the Department's performance.

During March, 94% of all permits were issued within 28 calendar days, and 64% were issued within seven calendar days. The fiftieth percentile (median) during the month was issued in six days.

We trust these comments will aid in the understanding of this Department's report.

Yours truly,

L.C. KING, P.Eng.
Building Commissioner

DEPARTMENT OF BUILDINGS

HAMILTON, ONTARIO

BUILDING DEPARTMENT MONTHLY REPORT

TO ALL SUBSCRIBERS OF THE MONTHLY REPORT:

RE: MONTHLY REPORT FOR APRIL, 1990

The Report of building statistics for April, 1990 indicates a total of 423 building permits were issued at a value of \$28.5-million. Also issued during April were 577 Zoning Verifications and 679 Property Reports.

During the month, a total of 116 building permits were issued for new single family dwellings valued at \$14-million. There were also eight building permits for 60 units of row dwellings and numerous permits for alterations to one and two family dwellings. The total residential component accounted for 68% of the month's total and was valued at \$19.3-million.

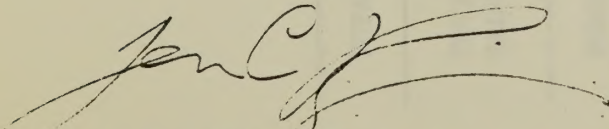

The commercial sector accounted for 17% of the month's total and was valued at \$4.9-million. There were three building permits issued for new commercial buildings during the month.

The industrial sector totalled \$4-million and accounts for 14% of the month's total.

With respect to the Department's performance during April, 91% of all building permits were issued within 28 calendar days of application. The median percentile for permit issuance during the month was eleven days.

We trust that these brief comments will aid in the understanding of this Department's report.

Yours truly,

L.C. KING, P.Eng.
Building Commissioner
LCK\ACL\dm

DEPARTMENT OF BUILDINGS

HAMILTON, ONTARIO

BUILDING DEPARTMENT MONTHLY REPORT

June 7, 1990

URBAN MUNICIPAL
JUN 19 1990
GOVERNMENT DOCUMENTS

TO ALL SUBSCRIBERS OF THE MONTHLY REPORT:

RE: MONTHLY REPORT FOR MAY, 1990

The Building Department report of building statistics for May, 1990 indicates that a total of 477 building permits were issued during the month valued at \$23.4-million. Also during May there were 503 zoning verifications and 630 property reports issued respecting the status of properties.

The residential sector was again active and accounted for 44% of the month's total. Fifty-two building permits were issued for new single family dwellings and one building permit was issued for a 22-unit apartment building. The residential sector totalled \$10.3-million for the month.

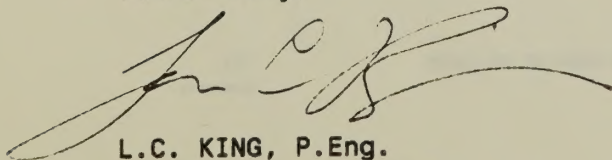

The commercial sector accounted for 32% of the month's total and is valued at \$7.5-million. There were four building permits issued for new commercial buildings valued at \$3.6-million and a total of 50 alterations to commercial buildings valued at \$3.9-million.

The industrial sector was relatively inactive accounting for only 4% of the month's total. The government and institutional sector accounted for 19% of the month's total. The major institutional permit issued during the month was for a new nursing home on Upper Wellington Street valued at \$4-million.

The Department's performance during the month was consistent with 89% of building permits issued within 28 days. The fiftieth percentile median for the issuance of building permits was five days for the month.

We trust these comments will aid in the understanding of this Department's report.

Yours truly,

L.C. KING, P.Eng.
Building Commissioner
LCKVCL:dm

RE: MONTHLY REPORT FOR JUNE 1990

The Building Department report of building statistics for June 1990 indicates that a total of 590 building permits were issued during the month valued at \$30 million. Also during June there were 545 zoning verifications and 595 property reports issued respecting the status of properties.

The residential sector was still active and accounted for 40% of the month's total. Forty-nine building permits were issued for new single family dwellings and two permits were issued for row dwellings representing sixty units in total. The residential sector totalled \$11.5 million for the month.

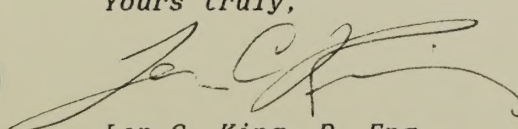

The commercial sector accounted for 35% of the month's total and is valued at \$10 million. There were seven building permits issued for new commercial buildings valued at \$7.7 million and a total of forty-eight alterations to commercial buildings valued at \$2.3 million.

The industrial sector accounted for 18% of the month's total with a value of \$5.3 million. Approximately \$5 million of the industrial value is due to alterations at the Stelco Steel Plant. The government and institutional sector accounted for 7% of the month's total with a value of \$1.9 million. No major institutional projects were undertaken in the month.

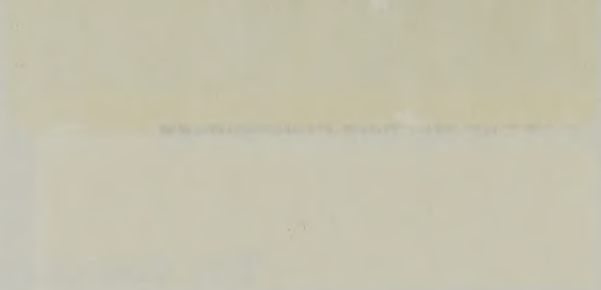

The Department's performance during the month was consistent with 90% of building permits issued within twenty-eight days. The fiftieth percentile median for the issuance of building permits was six days for the month.

We trust these comments will aid in the understanding of this Department's report.

Yours truly,

Len C. King, P. Eng.
Building Commissioner

BUILDING DEPARTMENT MONTHLY REPORT

URBAN MUNIC AL

August 10, 1990

AUG 27 1990

TO ALL SUBSCRIBERS OF THE MONTHLY REPORT:

GOVERNMENT DOCUMENTS

RE: MONTHLY REPORT FOR JULY 1990

The Building Department report of building statistics for July 1990 indicates that a total of 197 building permits were issued during the month valued at \$13 million. Also during July there were 329 zoning verifications and 409 property reports issued respecting the status of properties.

The residential sector was the most active and accounted for 39% of the month's total. Eleven building permits were issued for new single family dwellings and six permits were issued for row dwellings representing fifty units in total. The residential sector totalled \$5.0 million for the month.

The commercial sector accounted for 11% of the month's total and is valued at \$1.5 million. There was one building permit issued for a new commercial building and a total of twenty-eight alterations to commercial buildings.

The industrial sector accounted for 30% of the month's total with a value of \$3.9 million. The government and institutional sector accounted for 18% of the month's total with a value of \$2.3 million.

The Department's performance during the month was consistent with 87% of building permits issued within twenty-eight days. The fiftieth percentile median for the issuance of building permits was five days for the month.

We trust these comments will aid in the understanding of this Department's report.

Yours truly,

Len C. King, P. Eng.
Building Commissioner

HAMILTON, ONTARIO

BUILDING DEPARTMENT MONTHLY REPORT

URBAN MUNICIPAL

SEP 20 1990

September 12, 1990

GOVERNMENT DOCUMENTS

TO ALL SUBSCRIBERS OF THE MONTHLY REPORT:

RE: MONTHLY REPORT FOR AUGUST, 1990

The Building Department is pleased to report on building activity for August, 1990 in the City of Hamilton. During the month 350 building permits were issued at a value of \$54.7-million. Also during the month 350 zoning verifications and 414 property reports were issued.

The residential sector, which accounts for 15% of the month's total amounts to \$8.4-million. There were eighteen permits issued for nineteen units of one and two family dwellings valued at \$2.7-million. The bulk of the residential value is due to a building permit for 108 units of student housing at Columbia Secondary School valued at \$3.0-million. In general terms, the residential activity is down in relation to previous years.

The commercial sector accounts for 36% of the month's total and is valued at \$19.0-million. Numerous permits were issued to Cadillac Fairview for alterations to the new Eaton's Centre on James Street North.

The industrial sector was rather inactive during the month accounting for only 4% of the month's total.

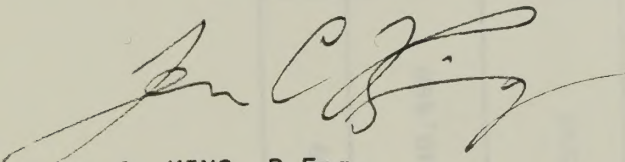

Government/institutional accounts for 45% of the month's total and is valued at \$24.0-million. A major permit for the month was a \$19.0-million permit for the erection of a new high school on Upper Paradise Road for the Hamilton-Wentworth Roman Catholic Separate School Board. Other major institutional permits were issued to the Hamilton Board of Education for alterations to schools located throughout the city.

September 12, 1990

The Department's performance during the month based on building permit issuance was 92% of all building permits issued within 28 days of application.

We trust these few comments will aid in the understanding of the Department's report.

Yours truly,

L.C. KING, P.Eng.
Building Commissioner
LCK\PA\dm

The Department's performance during the month shows an excellent record and it is all well along toward the goal of efficiency.

We shall thank the members of the Department for the interest and cooperation shown in the Department's work.

Very truly,
J. L. King, Jr.

J. L. KING, JR.
Acting Commissioner
12/12/52

BUILDING DEPARTMENT MONTHLY REPORT

URBAN MUNICIPAL

NOV 6 1990

October 18, 1990

TO ALL SUBSCRIBERS OF THE MONTHLY REPORT:

GOVERNMENT DOCUMENTS

RE: MONTHLY REPORT FOR SEPTEMBER, 1990

The Building Department for the City of Hamilton is pleased to present its statement of monthly building permit activity for September, 1990. During the month a total of 413 building permits were issued valued at \$44.4-million. There were also 456 property reports and 414 zoning verifications issued.

The residential sector accounts for 15% of the month's total and is valued at \$6.5-million. There were sixteen building permits issued for new single family dwellings and four permits issued for 28 units of townhouses. The residential sector continues to decline in comparison to previous years.

The commercial portion of the report totals \$7.0-million and accounts for 16% of the month's total. There were two building permits issued for two new commercial buildings during the month.

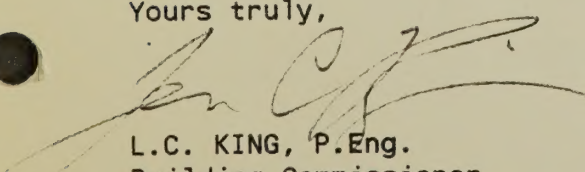

The industrial sector was valued at \$19.7-million and accounts for 44% of the month's total. There were numerous permits issued for alterations to industrial buildings with a major permit issued to Dofasco for their ongoing work at the galvanizing line extension.

The government and institutional sector accounts for 25% of the month's total and is valued at \$11.0-million. The major permits for the month were issued to McMaster University for an addition to an existing building and also to the City of Hamilton for an addition to the Hester Street Arena.

The Department's performance during the month remained consistent with 91% of all permits issued within 28 days.

We trust these comments will aid in the understanding of this Department's report.

Yours truly,

L.C. KING, P.Eng.

Building Commissioner

DEPARTMENT OF BUILDINGS

HAMILTON, ONTARIO

BUILDING DEPARTMENT MONTHLY REPORT

URBAN MUNICIPAL

DEC 20 1990

December 4, 1990

TO ALL SUBSCRIBERS OF THE MONTHLY REPORT:

GOVERNMENT DOCUMENTS

RE: MONTHLY REPORT FOR OCTOBER, 1990

During the month of October, 1990, a total of 272 building permits valued at \$22.8-million were issued. Also in October, 1990, 345 zoning verifications and 388 property reports were issued.

The residential sector accounted for 48% of the month's total and was valued at \$11-million. There were 34 building permits issued for new single family dwellings valued at \$3.1-million. There were also 11 building permits issued for 114 units of townhouses and multiple dwellings.

The commercial sector accounts for 33% of the month's total and is valued at \$7.4-million. Major permits for the month were issued to Ontario Hydro for a new building valued at \$800,000 and to 874289 Ontario Inc. for a new commercial plaza at 1080 Stone Church Road East valued at \$3.5-million.

The industrial portion of the report was relatively minor whereas the government and institutional portion accounted for 18% of the month's total. The major institutional permit for the month was issued to the Hamilton Board of Education for a new elementary school on Guildwood Drive valued \$3.8-million.

The building activity for the month compared to 1989 was substantially lower in dollar value and number of building permits. However, the twelve month total dollar value for 1990 is still above the twelve month total for 1989. Note, however, that the number of building permits has decreased for the same period of 1990.

The Department's performance during the month was again outstanding with the issuance of 95% of all building permits within 28 working days.

We trust this information will aid you in the understanding of this Department's report.

Yours truly,

L.C. KING, P.Eng.
Building Commissioner
LCK/PTL/dm

DEPARTMENT OF BUILDINGS

HAMILTON, ONTARIO

BUILDING DEPARTMENT MONTHLY REPORT

URBAN MUNICIPAL

DEC 18 1990

GOVERNMENT DOCUMENTS

December 6, 1990

TO ALL SUBSCRIBERS OF THE MONTHLY REPORT:

RE: MONTHLY REPORT FOR NOVEMBER, 1990

The Department of Building's monthly report for November, 1990 indicates that a total of \$28.4-million was issued in building permits during the month. A total of 299 building permits, 343 zoning verifications, and 408 property reports were also issued.

The residential sector accounted for the majority of the month's report at 66% and was valued at \$18.8-million. There were fifteen building permits issued for new single family dwellings, and twelve building permits issued for 229 units of apartments and townhouses.

The commercial sector valued at \$2.9-million accounted for 10% of the month's report. There were a total of three building permits for new commercial buildings issued during the month.

The government and institutional portion of the report accounts for 19% of the month's total and is valued at \$5.5-million. The major permit during the month was issued to the Hamilton Board of Education for a new school at 320 Brigade valued at \$4.9-million.

The total construction value for twelve months shows a small decline with the inclusion of this month's report. The number of building permits for twelve months continues to decline over 1987, 1988, and 1989.

We trust this information will aid in the understanding of this Department's report.

Yours truly,

L.C. KING, P.Eng.
Building Commissioner
LCK\BCL\dm

BUILDING DEPARTMENT MONTHLY REPORT

URBAN MUNIC. AL

FEB 19 1991

GOVERNMENT DOCUMENTS

1991 February 13

TO ALL SUBSCRIBERS OF THE MONTHLY REPORT:

RE: MONTHLY REPORT FOR DECEMBER, 1990

The monthly report for building statistics for December, 1990 indicates that a total of \$15.7-million in building permits were issued during the month. A total of 290 building permits, 446 zoning verifications, and 507 property reports were also issued during the month.

The residential sector accounts for 50% of the month's total. There were 18 building permits issued for new single family dwellings, and 11 permits issued for 70 units of townhouses. Residential construction totalled \$7.7-million.

The commercial sector accounted for 31% of the month's total and is valued at \$4.8-million. Most of the commercial activity was for alterations to commercial buildings rather than construction of new buildings.

The industrial/government/institutional portion of the report totals 19% and is valued at \$3.0-million. Again, the majority of construction was due to alterations and additions to existing buildings.

During 1990 a total of \$362.0-million in building permits were issued. Of this value of construction, the sector distribution was as follows:

Residential	- 35%
Commercial	- 21%
Institutional	- 24%
Industrial	- 20%.

During 1990, in the residential sector, 512 units of one and two family dwellings were erected, 837 units of townhouses and apartments. Commercially, 30 new commercial buildings were erected and there were 527 alterations to existing commercial buildings. In the industrial portion, 21 industrial buildings were erected, and 95 alterations and additions were made to existing buildings. In the institutional sector, 16 new buildings were erected and 117 permits were issued for alterations and additions to existing buildings.

Monthly Report
December, 1990

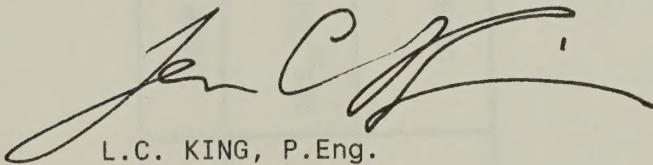

- 2 -

1991 February 13

The twelve month total for December 1990 in comparison to December 1989 shows a decline in permit value. This trend is a continuation of the decline which began with the twelve month total for November 1990.

We trust these comments will aid in the understanding of this Department's report.

Yours truly,

A handwritten signature in black ink, appearing to read "L.C. King", with a stylized flourish extending from the end.

L.C. KING, P.Eng.
Building Commissioner
